**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

We chose a competitive provider of internet because their service has been competitive, excellent and dependable. We do not wish to see price hikes that will increase our internet cost or lower the quality for similar cost.

We use the internet regularly for business and school and wish to see our local broadband company develop a fiberoptic network in our community to compete with AT&T. We do not want them throttled with exorbitant last mile or unbundled charges. We look forward to Sonic fiber in Santa Rosa, CA soon.

Please prevent price hikes that will decrease competition and increase the cost of our internet and restrict the speed of our internet

John Spent
